Gambar 2.6 Tampilan Login Admin

Analisa :

- Website Roda Care memiliki beberapa halaman, yaitu halaman beranda, login pengguna, register, dashboard pengguna, login Admin, dan dashboard Admin. Setiap halaman memiliki fungsi yang berbeda sesuai dengan kebutuhan pengguna aplikasi.
- Dari segi tampilan, CSS digunakan untuk mengatur warna, ukuran teks, tata letak, tombol, formulir, dan komponen dashboard agar terlihat lebih rapi serta konsisten. Logo lama berupa ikon roda gigi tetap digunakan sebagai identitas visual aplikasi sehingga tampilannya sesuai dengan tema perawatan dan servis kendaraan.
- Dashboard pengguna menyediakan fitur CRUD (*Create, Read, Update, Delete*) untuk data kendaraan dan data servis. Fitur tersebut memungkinkan pengguna menambahkan data baru, melihat data yang tersimpan, mengubah informasi, serta menghapus data yang tidak diperlukan. Dashboard Admin berfungsi untuk menampilkan informasi dan membantu pemantauan data aplikasi sesuai dengan fitur yang tersedia pada prototype.
